### F- CLASS SHOOTERS (O-TR)

Shooter		Stage #1	Stage #2	Stage #3	Aggregate	
Phillip Jones	MU	190.06	192.02	188.02	570.10	MW
Gene York	EX	190.04	187.06	189.00	566.10	1
Francis Lam	MU	188.04	190.02	188.00	566.06	2
Martin Tardif	HM	188.05	179.02	193.05	560.12	3
William Wright	MU	182.01	181.01	186.03	549.05	
Sam Edley	MU	181.01	176.02	178.01	535.04	
Jacques Rifkind	MU	175.03	177.01	179.02	531.06	
Jerry Yen	MU	174.03	169.00	187.01	530.04	
Gane Edley	MU	174.01	170.01	177.02	521.04	
JanuszDabrowskiT	EX	183.02	190.08	28.01	401.11	
Vladimir Sanda	EX	185.03	0.00	0.00	185.03	

Blustery winds met the shooters on Sunday, May 29. Clouds to the north were scudding east so we agreed to wait about 1/2hr. to see if the wind would lay down. It did, somewhat so we went ahead with the match. Though the conditions improved it still had gusty fits and starts throughout the day. Some shooters decided quickly they didn't want to expend precious components on the capricious conditions and left after the first or second stage (some sooner).

Tom Whitaker, (1996 Mumma Trophy winner and several Intl. Long Range Championships: see link below) was overall Match Winner with 584-23x. First Place in Sling went to Boris Batkin with 566-10x. Second Place was Rob Ableson with 576-16x. F-Class Match Winner was Phillip Jones with 570-10x. First Place was Gene York with 566-10x. Second Place was Francis Lam with 566-6x. Third Place was Martin Tardif with 560-12x.

Thanks to Sam, Gane and Francis for helping set up/taking down the targets and Jeff and Rob for setting up/taking down the wind flags. Thanks to Mark B for target tech and match help (so we can both shoot). See you all next month; June 26, Sunday. Better conditions (almost) guaranteed.

*"Believe the wind, it's smarter than you are."*
