Our match started at 8:30 AM and ended at 12:30. There were 20 shooters signed up but only 14 were able to make it to the range. The conditions ranged from hanging flags with boiling mirage early on to fishtailing wind from 9:00 to 4:00 with conflicting mirage. Some conditions were so confounding, to quote the match winner, as to be "unreadable". Marc Mittry (sling/optics) was Overall Match Winner and Matt Thompson was F-Class Match Winner. Matt is recovering from Lumbar Spinal Fusion surgery and still managed to hand us our hats...with borrowed equipment. Well done, Matthew.

Thank you to all the shooters that helped set up and take down the targets and flags (your efforts have been noted). The next match is scheduled for Sunday, September 25.
