20 able bodied shooters all actually showed up for the BRRRC Long Range Match this Saturday, April 22. It was good to get a full compliment for the first LR match of 2023 especially since the last one was in November of '22...5 months ago, to the day! The conditions were pleasantly warm with wind exclusively from the North. Occasional phantom gusts could take you out to the 8 ring...and beyond. Waiting for a particular condition was the preferred strategy but didn't guarantee the more than occasional 9. Jeff Butler topped the Sling crew in Stage 1 and Martin Tardif served up the same for the F'ers. Martin returned the favor to the F'lings again in Stage 2 while Jeff Mendoza leveled up his game and breezed to the high ground for the Slingers. Jim Gaines came roaring up and smoked the Sling field with his 6.5 'Cheetmoor' (6.5x.284 Win) and Vannaras Kun out X'd Tardif in the F'ish posse for the 3rd and final Stage.

Jeff Mendoza did well enough in all 3 stages to take top honors in the Sling Class while Charles Drew did the same in F-Class. The Match Director, Martin Tardif managed to put together 3 respectable strings to win the day as Match Winner.

Thanks to Edward Jack for helping set up and take down the targets and flags. The next match is scheduled for Sunday, June 25. (Don't forget to buy a donut on the way with that 'C' note)

"Believe the wind, it's smarter than you are."
