**Notes:**

Expert, Sharpshooter, and Marksman classes were combined  
 Scores will not be sent to NRA for classification as this was not a Across the Course COF  
 Two additional shooters attended and were participating "out of competition"

We got an early start for the August 2022 All Offhand match to beat the heat. We were successful in that the shooting was complete by 10:30 AM. Feedback for the early start was overwhelmingly positive.

The match format was three strings of offhand for a total of 60 shots. Convertible sighters were allowed for the last two strings.

Congratulations to the Match winner Bob Gill 583-13x. Class winners were; Paul Shultz in the High Master class 577-9x, Darren Rosenbaum in the Master class 557-8x, and Jeff Butler in the Expert class 550-5x. The Marksman and Sharpshooter classes were combined with the Expert class.

Thanks to all for the help setting up and taking down the range, you guys are making my job easier and I do appreciate it!

I hope to see you all at the September XTC match when we will be back to the regular XTC 80 shot format.

Keep them center,

Ken Letwin
