Notes:

SR = Service Rifle

MR = Match Rifle

DNF = Did not Fire (or string was not fired from the standing position)

Marskman, Unclassified, and Expert classes were combined

This month's course of fire was three strings of 20 shots offhand, total 60 shots for record. All shooters were given 30 minute block time for their strings. Some chose to do other practice with their block time, these show up as DNF in the scores. In the end it was a practice day for everyone.

Congratulations to match winner Bob Gill, 590-15x. First in the Master class was Mark Gould 575-14x. First for the Unclassified shooters was Brandon Ammann 525-2x. For the full results see here.

We had a group of shooters who don't regularly attend the XTC matches, but who are regulars at the CMP matches shoot with us today, hence the robust Unclassified group. It was great to see the crossover and I hope these gents return for some of the regular XTC matches.

Thanks to all of those who helped set up and put away the match supplies. Special thanks to George Carr and Jeff Lovatt, they helped set-up and take down, but didn't even shoot the match.

Next month we're back to the regular XTC course of fire, hope to see you all there.
